Progress Report	
Personal Goal:	Progress Report
Progress: 0/1/2/3	<i>Personal Goal</i> <ul style="list-style-type: none">• Push for more Arts & Humanities representatives to be in the FAH Course Rep Facebook group, a really useful way to communicate with each other which currently only has 17 members out of 70+ reps• As a new FO, I would like to reach out to my reps and encourage them to engage more closely with the student body - as part of this I will be in touch with my school presidents for more 1:1 meetings to see how we can move forward. As a humanities student, I will also ensure that I visit WSA regularly to find out the wants and needs of arts students• Engage in a dialogue with acting Union President Steve Gore about any potential action that can be undertaken regarding last year's strike action• Continue to make the case for free printing credit for FAH students, who already see very little investment in their studies in comparison with other faculty students• Continue to make the case to students and staff for the continuation of the fantastic Learning Support Hours,

	stressing their value whilst also trying to promote more support for study skills, particularly at Avenue Campus
