

	What is the idea?	What do you hope to achieve?	Who will you be working with?	When do you expect to be finished (term)?
Leading the Union	Strengthening the Student Voice	To ensure the Union is more actively seeking the opinion of students, through functions such as All Student Votes, and pushing the University to expand their communication and consultation with students working more closely with the new Director of Student Experience to ensure this. Also looking to gain student insight and opinion on national issues affecting students.	SUSU representation staff, Sabbatical team, Director of Student Experience	Summer
	Lobby the University for a commitment to creating new Performing Arts space	Ensure that the University honour their commitment to the arts, making a tangible impact on our societies, and demonstrating this in their 10 year building plan.	University Leadership, Estates and Facilities, CI Coordinator, Arts at Southampton staff	Summer
	Review the remits of our Sabbatical Officers	Both for efficiency and financial reasons I believe we need to reevaluate the remit and size of our sabbatical team. I plan to look holistically at the roles and work to reorganise the team to make it smaller and also for the roles to be logical for students.	SUSU representation staff, SUSU SLT Sabbatical team,	Autumn
New ideas	Rules Re-write	Essentially; rewrite the rules. The current rules by which the Union is governed are confusing, outdated and leave gaps and ambiguity around accountability and process. I want to ensure that the rules are accurate, accessible, and useable.	SUSU representation staff, SUSU SLT Sabbatical team,	Summer
	CI Careers at WSA	To expand the Creative Industries career offering to be a key part of the career offering at WSA, offering a full careers fayre as well as careers sessions.	WSA Committee, WSA + CI Coordinators, University Employability/Careers staff, Arts at Southampton staff	Spring
	Welfare in Elections	I want the welfare of our election candidates to be a key focus of the election process, particularly in our Spring Elections. I plan to introduce 1:1s, work with the team to centralise communications, and ensure that the DRO is more candidate facing throughout the process.	SUSU representation team (esp. Democracy Coordinator), Activities team	Spring
Building on the Union's work	Re-evaluate our Student Leader roles	Our elected students should be effective representatives for all students at Southampton. Currently the structure of our student leaders does not necessarily reflect this, and I want to work to ensure it does. I also want to address disparities in the current rules with the roles we elect as 'Student Leaders', and what then is the role/expectations of our other elected students.	Student Leaders, Voluntary Officers, SUSU representation staff, SUSU SLT Sabbatical team,	Autumn
	Redefining the relationship between Clubs & Societies and The Union	Working to better understand and support all of our clubs and societies, supporting with the implementation of new requirements for access to grants, new methods of communication with members, and creating more guidance for committees.	SUSU Activities Team, SLT, Sabbatical Team, Clubs and Societies Officer	Summer
	Grow the presence and functionality of 'You Make Change'	Improve the functionality of the YMC system on both the student facing end and the back end, make sabbs more accountable for YMC, use the Making Change Summit as forums for public debate and discussion on popular/controversial topics	Sabbatical Team, SUSU representation staff, Senators	Summer
