Progress Report	
Personal Goal:	<p>To create a profile for the reps</p> <ul style="list-style-type: none">- Making more use of the Social Science Rep page, instead of asking reps to make their own posts I am posting them through the Facebook Page so they can share through there instead.- Faculty Forum last month was relatively unsuccessful with only one person attending. However, we still had some valuable conversation and we collected some feedback for the SBS. <p>To set systems/procedures for staff-student relationships</p> <p>Provide a support system for reps in FSS</p> <ul style="list-style-type: none">- Currently trying to introduce new rep positions to better support my School Presidents in their roles. FSS has a few unusual programs which require some extra support. <p>With the vast number of disciplines in my Faculty comes a wide range of experiences from students. Bearing this in mind, as well as my experiences as Social, Human and Mathematical Sciences Faculty Officer, I think a single project will be unrealistic, and thus my goals for the year are broader and happen more in the background.</p>

Progress: 0/1/2/3/NA	<ul style="list-style-type: none"> - I gained some feedback about study spaces in my Faculty Forum. Waiting on the notes but I will pass the feedback to SJD once I get it.
