### Progress Report

**Zone Goal:**

- **Terminology:** Terminology and definitions to be used for JH programmes agreed upon by Joint Honours Working Group.
- **Viewing answer scripts:** Brought up a significant issue raised by JH student Parth Pandya at a previous Education Zone meeting with the Joint Honours Working Group. Waiting on a response on the matter.

Progress: 3

### Future Plans/AOB

- **Feedback:** Work with the Insights Team to use Joint Honours survey that was created last year to get more information about what students think about their courses. Meet with Insights Manager Martin about a survey regarding this in the coming weeks.
- **Social events:** Find out about JH students' access to social and academic events of their faculties and increase access to events organized by both faculties (in the absence of monetary constraints, which would mean working on the communication of all such events to students).

**Additional Comments:** None
