Risk Assessment for the activity of	Glen Eyre Netball, Glen Eyre Football and Glen Risk Assessment for Glens Got Talent charity fu		Date	24/09/2025
Are you a sports club or society?	Sports club	Assessor	Jessica \	Wilkins
President/Captain Name/2 nd Committee Member	Karis Ball	Signed off	SUSU	USE ONLY
Risk Assessment Information (What is this risk assessment for? Please provide a summary of the activity or event, including all relevant information)	Glen Eyre Rugby, Glen Eyre Football and Glen Etalent event at the bridge to raise money for che purchase tickets on entry to the event for partic food and drink from the location but it will not be Glen Eyre Netball, Glen Eyre Football and Glen Eyre Rugby ta charity law, ticketing, liaising with external suppliers and ensuresponsibility for supplying the sites and facilities needed to be it will be expected that committee fulfil their pre-agreed role the whole team pre-event start. For further information on risk, please visit - https://www.hse	carity. All participating memoripating and observing the one provided by us. kes responsibility of the general ruring all health and safety in this arun the event including venue spaces and duties assigned by the event	nbers will event. Me unning of the assessment ace, tech teant lead. The	be able to embers can buy se event, following is followed. SUSU takes am and bar. On the day event lead will brief

Charity Event Forms will need to be completed and sent to susurag@soton.ac.uk

PART A (1) Risk identification							1				
(1) Risk identifica		1				essment	(3) Risk management				
Hazard	Potential	Who might be	Inherent			Residual			Further controls (use		
	Consequences	harmed (user; those nearby; those in the vicinity; members of the public)	Likelihood	Impact	Score	Control measures (use the risk hierarchy)	Likelihood	Impact	Score	the risk hierarchy)	
General Consideratio	ns										
Slips, trips and falls	Soft tissue injury e.g., sprain, bruising. Potential broken ankle or other breaks i.e. wrists etc. Links directly to weather and ground surfaces.	All participants and organisers/staff and spectators	2	3	6	Check venue conditions for holes, lumps, and other obstacles.	1	3	3	If the injury is serious and participant in a lot of pain or discomfort, seek medical attention immediately. Call 999 in an emergency. Any incidents need to be reported as soon as possible ensuring duty manager/health and safety officers have been informed Follow SUSU incident report policy.	

Fire	Smoke inhalation, burns and more severe. Risk of extreme harm.	All participants and organisers/staff and spectators	1	5	5	Those leading the session must ensure they are aware of and fully understand the venue or locations fire procedures. Those leading must make sure that all exit routes are clearly highlighted and report any issues immediately to the venue. Highlight to all the Volunteers/Event Staff the nearest emergency exit routes at the start of a session, and the importance of assisting others to leave calmly in case of an emergency. Consider accessibility	1	4	4	In case of an emergency, please pull nearest fire alarm and ensure all participants leave the venue calmly and safely. Once in a safe position to do so, call the emergency services on 999. Any incidents need to be reported as soon as possible ensuring duty manager/health and safety officers have been informed. Follow SUSU incident report policy.
Setting up/moving or chairs/tables/prizes/bingo machines/ other objects in the area.	Bruising or broken bones from tripping over table and chairs.	Meeting organisers and attendees	2	3	6	requirements Make Event Volunteers aware of the potential risks, follow manual handling guidelines Ensure that at least 2 people carry tables and large objects. Setting up tables will be done by organisers.	1	3	3	Seek assistance if in need of extra help from facilities staff/venue staff if needed Seek medical attention from SUSU Reception if in need Contact emergency services if needed

PART A										
(1) Risk identification		(2)	Risk	ass	essment	(3) Risk management				
Hazard	Potential		Inh	eren	it		Res	idua	ıl	Further controls (use
	Consequences	harmed (user; those nearby; those in the vicinity; members of the public)	Likelihood	Impact	Score	Control measures (use the risk hierarchy)	Likelihood	Impact	Score	the risk hierarchy)
						Work in teams when handling other large and bulky items. Request tools to support with move of heavy objects- SUSU Facilities/venue. E.g., hand truck, dolly, skates Make sure anyone with any pre-existing conditions isn't doing any unnecessary lifting and they are comfortable.				All incidents are to be reported on the as soon as possible ensuring the duty manager/health and safety officer have been informed. Follow SUSU incident report policy

PART A										
(1) Risk identifi	cation		(2)	Risk	ass	essment	(3)	nagement		
Hazard	Potential	Who might be	night be Inherent		Res	sidua	al	Further controls (use		
	Consequences	harmed (user; those nearby; those in the vicinity; members of the public)	Likelihood	Impact	Score	Control measures (use the risk hierarchy)	Likelihood	Impact	Score	the risk hierarchy)
Overcrowding	Physical injury	Event organisers and attendees	1	3	3	If large crowds form, barriers can be requested by SUSU facilities team (if available on the day) to assist with crowd management. Book during quieter times when less activities taking place on Redbrick/book all available space Inform other bookings on the Redbrick/in the area of the event	1	3	3	Seek medical attention if problem arises With support from a SUSU Activities coordinator Inform UoS security team of the event (– on campus 3311, off campus 02380 593311. unisecurity@soton.ac.uk) and liaise with them on need for security teams on the day Security team may inform police of the event if required (e.g. marches)

Assessment Guidance

1. Eliminate	Remove the hazard wherever possible which negates the need for further controls	If this is not possible then explain why	1
2. Substitute	Replace the hazard with one less hazardous	If not possible then explain why	2
3. Physical controls	Examples: enclosure, fume cupboard, glove box	Likely to still require admin controls as well	3
4. Admin controls	Examples: training, supervision, signage		4
5. Personal protection	Examples: respirators, safety specs, gloves	Last resort as it only protects the individual	5

Risk process

- 1. Identify the impact and likelihood using the tables above.
- 2. Identify the risk rating by multiplying the Impact by the likelihood using the coloured matrix.
- 3. If the risk is amber or red identify control measures to reduce the risk to as low as is reasonably practicable.
- 4. If the residual risk is green, additional controls are not necessary.
- 5. If the residual risk is amber the activity can continue but you must identify and implement further controls to reduce the risk to as low as reasonably practicable.
- If the residual risk is red <u>do not continue with the activity</u> until additional controls have been implemented and the risk is reduced.
- 7. Control measures should follow the risk hierarchy, where appropriate as per the pyramid above.
- 8. The cost of implementing control measures can be taken into account but should be proportional to the risk i.e. a control to reduce low risk may not need to be carried out if the cost is high but a control to manage high risk means that even at high cost the control would be necessary.

Impa	act	Health & Safety				
1	Trivial - insignificant	Very minor injuries e.g. slight bruising				
2	Minor	Injuries or illness e.g. small cut or abrasion which require basic first aid treatment even in selfadministered.				
3	Moderate	Injuries or illness e.g. strain or sprain requiring first aid or medical support.				
4	Major	Injuries or illness e.g. broken bone requiring medical support >24 hours and time off work >4 weeks.				
5	Severe - extremely significant	Fatality or multiple serious injuries or illness requiring hospital admission or significant time off work.				

Likelihood	
1	Rare e.g. 1 in 100,000 chance or higher
2	Unlikely e.g. 1 in 10,000 chance or higher
3	Possible e.g. 1 in 1,000 chance or higher
4	Likely e.g. 1 in 100 chance or higher
5	Very Likely e.g. 1 in 10 chance or higher
