

Risk Assessment

Risk Assessment for the activity of	Vietnamese Society's Day Trip to Bath on 17/10/2026		Date	24/09/2026
Group name	SUSU Vietnamese Society	Assessor	Huong Giang Mai	
Supervisor	Ginny Vu	Signed off	N/A, please upload to groupshub for digital sign-off by SUSU Activities team	

- **Destination:** Bath
- **Accommodation:** N/A – day trip only
- **Number of participants:** Maximum 30 members, excluding committee members
- Laminated card with key emergency phrases/contact information will be carried by committee members
- **Transport:**
 - o Members will purchase their own return train tickets individually and meet the committee at Southampton Central Station before departure.
 - o The group will travel together to Bath Spa Station.
 - o While in Bath, the group will travel between locations on foot.
- **Planned itinerary:**
 - o Meet at Southampton Central Station and travel together by train to Bath Spa Station.
 - o Walk to Bath Abbey and explore the surrounding historic city centre.
 - o Get tickets and enter the Romans Bath.
 - o Lunch break and free time in Bath city centre for members to eat, shop and explore independently/in small groups.
 - o Regroup at a pre-arranged meeting point and time.
 - o Visit Pulteney Bridge and the riverside area, with time for sightseeing and photos.
 - o If time permitted, walk through the historic centre towards The Circus and Royal Crescent.
 - o Walk back together to Bath Spa Station and take the return train to Southampton Central Station.
- **Trip leaders:** Designated committee members will act as trip leaders/stewards and remain contactable throughout the trip.
- Headcounts will be conducted before departure and at key regrouping points. A clear meeting time and location will be communicated for the end of free time.
- Participants will receive the itinerary, meeting times/locations, trip-leader contact details and emergency procedures before departure.

(1) Risk identification			(2) Risk assessment				(3) Risk management			
Hazard	Potential Consequences	Who might be harmed (user; those nearby; those in the vicinity; members of the public)	Inherent			Control measures (use the risk hierarchy)	Residual			Further controls (use the risk hierarchy)
			Likelihood	Impact	Score		Likelihood	Impact	Score	
Slips, Trips, Falls	Accident and/or Injury	- Students - Members of the public	1	3	3	– Group sizes reduced to ensure no large groups are formed. – Students will be encouraged to take care when crossing busy streets and when negotiating paths. Students will also be encouraged to wear appropriate footwear when travelling by foot.	1	3	3	• Should injury occur, Committee to contact appropriate emergency services • Committee to have local British Consulate number available - • Organisers to bring a first aid kit for minor injuries • Committee to complete SUSU Incident report as soon as possible – available here

(1) Risk identification			(2) Risk assessment				(3) Risk management			
Hazard	Potential Consequences	Who might be harmed (user; those nearby; those in the vicinity; members of the public)	Inherent			Control measures (use the risk hierarchy)	Residual			Further controls (use the risk hierarchy)
			Likelihood	Impact	Score		Likelihood	Impact	Score	
Individuals getting lost while on the trip.	Missing the flight there or back.	User.	2	3	6	– Everyone has been informed to stay in groups of three or more. – Advice on mobile data plans has been given, as well as meeting points and general travel itinerary. – Groups will be staying on guided tours or tours of popular attractions which are well policed. – Only licensed taxi companies such as Uber shall be used, as well as reliable public transport links	1	2	2	• The phone numbers of the committee members in attendance have been given to everyone on the trip. • The committee will keep everyone together and periodically conduct group counts at important sections of the trip (i.e. coach travel, airport, hostel check-in and check-out).

(1) Risk identification			(2) Risk assessment				(3) Risk management			
Hazard	Potential Consequences	Who might be harmed (user; those nearby; those in the vicinity; members of the public)	Inherent			Control measures (use the risk hierarchy)	Residual			Further controls (use the risk hierarchy)
			Likelihood	Impact	Score		Likelihood	Impact	Score	
Transport: Cancellation/Diversions	Students not reaching intended destination	- Students	3	1	3	– Committee to review Flight times and any potential cancellations/diversions prior to the trip	3	1	3	- During the trip, the committee to regularly review flight times to check for any possible cancellations and diversions. - Ensure each participant has booked appropriate insurance for the duration of the trip and has access to insurance details
Travelling around location	Large groups forming	- Students - Members of the public	3	2	6	– split students into smaller groups to avoid large groups forming	3	1	3	Organisers to familiarise self with location and destinations in advance. Interary provided were possible. E.g. use websites like trip advisor, google maps

Traffic- accident or collision	Death or major injury	- Students - Members of the Public	1	5	5	– Where possible students should avoid driving own vehicles in county. Travel by public transport, hire of coach/bus with reputable company – Buses without seatbelts are avoided if possible and never used on high speed roads – Student drivers- The driver will need to become familiar with local driving regulations. It is important to verify that the driver is actually licensed to drive a vehicle in the country to be visited, e.g. does the country to be visited recognize a British driving license or is an International driving license needed – Verbal warning of risk – Encourage students to use pedestrian crossings wherever possible – Encourage students to travel in appropriate group sizes to ensure no large groups are formed	1	3	3	• Should injury occur, Committee to contact appropriate emergency services • Committee to have local British Consulate number available - • Organisers to bring a first aid kit for minor injuries • Committee to complete SUSU Incident report as soon as possible – available here • Ensure all participants have insurance and access to details
--------------------------------	-----------------------	---	---	---	---	---	---	---	---	---

(1) Risk identification			(2) Risk assessment				(3) Risk management			
Hazard	Potential Consequences	Who might be harmed (user; those nearby; those in the vicinity; members of the public)	Inherent			Control measures (use the risk hierarchy)	Residual			Further controls (use the risk hierarchy)
			Likelihood	Impact	Score		Likelihood	Impact	Score	
						– Walks on foot will be planned to avoid fast roads wherever possible.				
Adverse Weather	Sunstroke, heatstroke, cold, minor illnesses as a result of weather	Students	2	3	6	Advise students and helpers to take appropriate clothing i.e. waterproofs, hat, sun cream	1	3	3	Should weather be deemed 'adverse' this tour will be cancelled

Risk of Violent Crime, harassment and/or abuse	Accident and or injury	- Students - Members of the public	2	5	10	- Students will be encouraged to stay in groups at all time. - Trip organisers to familiarise self with countries emergency phone numbers - Advise participants to research local laws and customs before entering a new country (FCO website as primary resource), so they don't cause offence for cultural differences. - Stay away from large gatherings or demonstrations - Organisers to have a record of & to share details of the consular office for the nationality of each participant - Advise participants to use common sense when getting into vehicles, or accepting invitations and to get out of the vehicle if they feel at risk - Participants all advised to give up their valuables in the event of a	1	5	5	- Should a student witness or be a victim to such crime they are able to contact the appropriate emergency service and report to the committee. In turn this to be reported to the duty manager - Committee to contact appropriate emergency services - Committee to have local British Consulate number available - - Organisers to bring a first aid kit for minor injuries - Committee to complete SUSU Incident report as soon as possible – available here
--	------------------------	---	---	---	----	--	---	---	---	---

Hazard	Potential Consequences	Who might be harmed (user; those nearby; those in the vicinity; members of the public)	Inherent			Control measures (use the risk hierarchy)	Residual			Further controls (use the risk hierarchy)
			Likelihood	Impact	Score		Likelihood	Impact	Score	
						confrontation to prioritise own safety				
Loss of valuables	Lost items	- Students	2	2	4	- All attendees will be warned prior to the trip to keep valuables secure and hidden - Advise participants to have access to personal emergency money, for food/water/travel in the event of robbery, e.g. via telephone - Stay away from large gatherings or demonstrations - Advise participants to bring a photocopy of their passport.	1	2	2	- Organisers to have a record of & to share details of the consular office for the nationality of each participant - If passport lost, make an official report and contact the nearest embassy or consulate - Ensure each participant has booked appropriate insurance for the duration of the trip and has access to insurance details

(1) Risk identification			(2) Risk assessment				(3) Risk management			
Hazard	Potential Consequences	Who might be harmed (user; those nearby; those in the vicinity; members of the public)	Inherent			Control measures (use the risk hierarchy)	Residual			Further controls (use the risk hierarchy)
			Likelihood	Impact	Score		Likelihood	Impact	Score	
Students becoming lost	Distressed students	- Students	2	2	4	- Should student become lost, students will be encouraged to message the committee through designed chat. Whatsapp, Facebook etc - Encourage all participants to swap numbers before trip	2	1	2	- Students will be encouraged to stay in groups at all time. - Organisers to share trip itinerary were applicable

Inappropriate behaviour – from others or students	Distressed students, members of the public	- Students - Members of the public	2	3	6	– Should inappropriate behaviour occur, students can contact both SUSU and/or appropriate emergency services – Participants to research local laws and customs before entering a new country (FCO website as primary resource), so they don't cause offence for cultural differences – Alcohol: members to follow SUSU expect respect guidance, binge drinking to be discouraged, participants encouraged to buddy up and be sensible/use common sense when drinking e.g. do not leave drinks unattended, do not drink to excess, use licenced premises	1	3	3	• Ensure participants are aware that they are responsible for own behaviour (e.g. if arrested), share SUSU expect respect policy in advance of trip • Ensure participants have appropriate insurance and access to mobile phone • Committee to have local British Consulate number available - • Committee to complete SUSU Incident report as soon as possible – available here
Incident- Experience of terrorism	Distress, serious injury, fatality	Students Public Wider student community etc	2	5	10	– Organisers to encourage participants to research the political situation of the country they are entering, using the FCO website, will not book trips to FCO most dangerous countries	1	5	5	• Ensure each participant has booked appropriate insurance for the duration of the trip and has access to insurance details

						– Will research specific regions within the country, considering FCO advice and the make-up of student group (e.g. nationalise, religious restrictions etc) – Each participant to have at hand details of local consular office and list of local emergency phone numbers – Participants to have a copy of passport and insurance documents – In case of an incident follow Run, Hide, Tell guidance, follow the advice of in-country emergency service – Stay away from large gatherings or demonstrations – Mobile phone access-ensure chargers are taken and research has been done onto local adapters, network access				• Committee to contact appropriate emergency services • Committee to have local British Consulate number available - • Organisers to bring a first aid kit for minor injuries • Committee to complete SUSU Incident report as soon as possible – available here
Incidents restricting travel and health-Natural Disasters, pandemics, political incidents	Distress, serious injury, fatality, inability to return home	Students Public Wider student community etc	2	5	10	– Stay away from large gatherings or demonstrations – Mobile phone access-ensure chargers are	1	5	5	• Ensure each participant has booked appropriate insurance for the duration of the trip and

						taken and research has been done onto local adapters, network access – Organisers to encourage participants to research the political situation of the country they are entering, using the FCO website, will not book trips to FCO most dangerous countries – Will research specific regions within the country, considering FCO advice and the make-up of student group (e.g. nationalise, religious restrictions etc) – Each participant to have at hand details of local consular office and list of local emergency phone numbers – Participants to have a copy of passport and insurance documents – Regular checks with travel company prior to departure				has access to insurance details • Should injury occur, Committee to contact appropriate emergency services • Committee to have local British Consulate number available - • Organisers to bring a first aid kit for minor injuries • Committee to complete SUSU Incident report as soon as possible – available here
Medical Emergency	Participants may sustain injury due to; pre-existing medical conditions (such	Student participants	3	5	15	– advise participants; to bring their personal medication (such as epi-pen where needed), what numbers to ring in	2	5	10	• Ensure each participant has booked appropriate insurance for the duration of the trip and

	as food allergies leading to Anaphylaxis), an incident whilst travelling, or as a result of a poor response to a previous medical situation.					an emergency, and that the priority is to first seek medical attention in country (not to call home first!) – Advice participants to bring enough medication for trip duration and include ingredients list, packaging (to support in country medical team if required) – Participants to inform committee / trip lead and/or restaurants of any allergies prior to the trip – Next of kin and medical details have been collected in case they are needed for medical reasons- stored securely following GDPR Guidelines – Organisers to familiarise self and brief participants on local medical facilities				has access to insurance details • Encourage participants to Check legal restrictions on import /export controls on medications • Should an incident occur, Committee to contact appropriate emergency services • Committee to have local British Consulate number available • Student who have allergies to carry epi-pen and ensure they have told organisers where to find it • Organisers to bring a first aid kit for minor injuries • Committee to complete SUSU Incident report as soon as possible – available here
Spiked Drinks/Alcohol Poisoning	Illness, loss of consciousness, loss of self-control	Event organisers, event attendees,	2	5	10	Committee to supervise meetings/socials and attend each venue. Ideally, they will not drink to excess during the event.	2	3	6	Members are responsible for their individual safety and are expected to act sensibly when walking around. For anyone who is too inebriated it will be suggested to them that

					Bouncers/trained staff in pubs should watch for excessive drinking and watch people who are believed to have consumed a lot of alcohol. Report any suspicious/unusual behaviour to staff. Participants encouraged to stay with a nominated 'buddy' where possible. The organisers have confirmed the premise is licensed. Action organisers (Part B). The consumption of alcohol will take place at licensed premises. The conditions on the license will be adhered to and alcohol will not be served to customers who have drunk to excess. Members/participants are advised to watch their own drinks. <u>Games involving binge drinking or the consumption of excessive amounts of alcohol are not to be undertaken.- Society to follow Code of conduct/Expect Respect policy</u>			they should return home rather than continue on the social. Taxis will be called if required (look at SUSU Safety Bus, Radio Taxis options). If they need to go to the hospital they will also be accompanied there. Participants advised to avoid leaving drinks unattended and if you think anything has been added to a drink; report it; try and retain the drink for testing. All incidents are to be reported on the as soon as possible ensuring the duty manager/health and safety officer have been informed. Follow <u>SUSU incident report policy</u>

			Likelihood	Impact	Score		Likelihood	Impact	Score	
	Potential personal financial loss and delays in accessing care.					conditions and ensure they are covered. Students should have access to their proof of policy whilst on the trip (certificate/confirmation)				

PART B – Action Plan

Risk Assessment Action Plan

Part no.	Action to be taken, incl. Cost	By whom	Target date	Review date	Outcome at review date
1	Before booking trip organisers to investigate country information and region safety via government FCO Website- https://www.gov.uk/foreign-travel-advice	Huong Giang Mai	27/09/2026	15/10/2026	
2	Organisers to ensure appropriate travel insurance has been secured by/for each participant	Huong Giang Mai	10/10/2026	15/10/2026	
3	Participant briefing on health & safety before trip e.g. meeting, online, emails (including consular and emergency services information)	Ginny Vu	10/10/2026	15/10/2026	

University of Southampton Health & Safety Risk Assessment

Version: 2.3/2017

4	Trip itinerary shared with all participants	Ginny Vu	10/10/2026		
5	Participants emergency contact details gathered by organisers- stored securely in accordance with GDPR guidelines	Huong Giang Mai	10/10/2026		
6	Organisers to check and pack a first aid kit	Paul Nguyen	10/10/2026		
7	Organisers Severe Weather and Natural Disaster Check prior to departure	Paul Nguyen	15/10/2026		
9	Ensure you have a few key phrases printed on laminated card to take with you in case of an incident	Huong Giang Mai	10/10/2026

Assessment Guidance

1. Eliminate	Remove the hazard wherever possible which negates the need for further controls	If this is not possible then explain why	
2. Substitute	Replace the hazard with one less hazardous	If not possible then explain why	
3. Physical controls	Examples: enclosure, fume cupboard, glove box	Likely to still require admin controls as well	
4. Admin controls	Examples: training, supervision, signage		
5. Personal protection	Examples: respirators, safety specs, gloves	Last resort as it only protects the individual	

LIKELIHOOD	5	5	10	15	20	25
	4	4	8	12	16	20
	3	3	6	9	12	15
	2	2	4	6	8	10
	1	1	2	3	4	5
	1	2	3	4	5	
	IMPACT					

Risk process

1. Identify the impact and likelihood using the tables above.
2. Identify the risk rating by multiplying the Impact by the likelihood using the coloured matrix.
3. If the risk is amber or red – identify control measures to reduce the risk to as low as is reasonably practicable.
4. If the residual risk is green, additional controls are not necessary.
5. If the residual risk is amber the activity can continue but you must identify and implement further controls to reduce the risk to as low as reasonably practicable.
6. If the residual risk is red do not continue with the activity until additional controls have been implemented and the risk is reduced.
7. Control measures should follow the risk hierarchy, where appropriate as per the pyramid above.
8. The cost of implementing control measures can be taken into account but should be proportional to the risk i.e. a control to reduce low risk may not need to be carried out if the cost is high but a control to manage high risk means that even at high cost the control would be necessary.

Likelihood	
1	Rare e.g. 1 in 100,000 chance or higher
2	Unlikely e.g. 1 in 10,000 chance or higher
3	Possible e.g. 1 in 1,000 chance or higher
4	Likely e.g. 1 in 100 chance or higher
5	Very Likely e.g. 1 in 10 chance or higher

Impact		Health & Safety
1	Trivial - insignificant	Very minor injuries e.g. slight bruising
2	Minor	Injuries or illness e.g. small cut or abrasion which require basic first aid treatment even in self-administered.
3	Moderate	Injuries or illness e.g. strain or sprain requiring first aid or medical support.
4	Major	Injuries or illness e.g. broken bone requiring medical support >24 hours and time off work >4 weeks.
5	Severe - extremely significant	Fatality or multiple serious injuries or illness requiring hospital admission or significant time off work.
