

## Southampton University Hillwalking Club

### COVID Risk Assessment

#### General Information

Organisation	Southampton University Hillwalking Club (SUHC)
Assessor(s)	Thomas Daly, <i>President</i> Chang Liu, <i>Vice President</i> Thomas Edwards, <i>Expeditions Secretary, Former President and Mountain Leader</i>
Sports Body:	British Mountaineering Council (BMC)
Last Updated:	16 <sup>th</sup> May 2021

#### Description of Activities

The dates in this risk assessment are in reference to the earliest possible date that these activities are permitted to resume according to the most recent guidance provided by the BMC: <https://www.thebmc.co.uk/clubs-huts-meets-and-current-covid19-restrictions> for groups, including the club advice summary for 17th May 2021 onwards.

#### Day Walks

The club hosts weekly walks during term time and holidays, usually on Saturdays. Walks are open to all, and students will be asked to register for free club membership to qualify for SUSU insurance. Competent walk leaders plan walks within the New Forest, Hampshire, the South Downs, Wiltshire, Dorset, Surrey and other surrounding areas, hosting a variety of landscapes and terrains. Details of each walk is advertised in advanced to enable members to make informed choices before participating. Day walks make use of public transport, including trains and some buses. The club's responsibility for the event ends once the walk finishes. Members who continue socialising after this point do so at their own risk.

17<sup>th</sup> May: Although the current guidelines do not impose any numerical restriction on club events, SUHC Day Walks will be run in groups of up to 30, subject to review regarding the number of cases nationally. Members will sit in separate groups of six or up to two household groups on the public transport we use to travel to our events. This latter rule also applies for sitting inside venues such as pubs at any point during the event, although groups of up to 30 sitting outside will be permitted.

21<sup>st</sup> June: Day walks run over the summer will have no legal restrictions on numbers, however guidance on how to reduce the transmission will be reviewed.

#### Away Trips and Expeditions

The operation of away trips are like that of day walks, but for longer durations (whole weekends) and therefore requires overnight stay in accommodation and the provision of meals. Away trips vary in landscape and terrain, and members are well informed on the nature of the trip before consenting to participate. Required and advisory kit lists are provided to all participants. Private transportation (e.g. Union Minibuses and personal cars) is usually used for away trips. However, if this is not economically viable once social distancing is invoked public transport will be used instead. If social distancing cannot be achieved in bunkhouses alternative accommodation such as camping will be preferred since the virus risk is reduced in outdoor environments. It should be noted for all likely the condition that face to face contact is to be avoided. We will also have a table of this nature in the club house to ensure that members are aware of the current situation and the club's policy on this matter.

21<sup>st</sup> June: Away Trips can resume. This would provide an opportunity to train the new Away Trip Secretaries, however this would be subject to club demand and minibus availability.

### Socials

Socials are held weekly or on a fortnightly basis. They are usually located within Southampton where attendees can use public transport to travel. Occasionally, the minibuses are hired to reach events further afield. They are organised by the Social Secretaries and are aimed to be as accessible as possible. Socials will be held virtually throughout the term. Socials in groups of up to six can be held inside from the 17<sup>th</sup> May. Socials held outside will be able to resume in groups of up to 30 from 17<sup>th</sup> May.

### COVID19

Covid-19 is a new illness that can affect your lungs and airways. It is caused by a virus called Coronavirus. Symptoms can be mild, moderate, severe or fatal.

Competent Walk Leaders	Competent walk leaders describe individuals with experience planning and leading a walk on behalf of the club. These individuals are usually members of the committee who demonstrate the appropriate skills and aptitudes for walk leading and the safety of others. Where a competent walk leader is not a current member of the committee, they will be selected by the committee based on an assessment of their previous walking, navigation and risk assessing experience.
Minibus Drivers	Drivers describe individuals who are registered "SUSU Approved" minibus drivers, based on the assessment of the students' union Facilities Manager and/or Transport Co-Ordinator. Minibus drivers must be 21 years old or older, have held a clean driving licence for at least three years and have passed SUSU's minibus familiarisation test.
Car Drivers	Any member wishing to use their own car for any club events does so at their own risk. The club does not take responsibility for any wear-and-tear, damage or theft to the individual's property. In the case of members car sharing, the committee will check and ensure that each member is happy to travel privately. The driver will also be asked to prove they have a valid license for use in the UK, MOT, vehicle tax, and motoring insurance.

### **PHONE AVAILABILITY**

In the event of accident note relevant details (location, name, gender and age of casualty, nature of injuries, number of people in the party, your mobile phone number).

- Dial 999 or 112, ask for 'Police', then 'Mountain Rescue'.
- Give all your prepared details of the incident.
- Do NOT change your position until contacted by the rescue team.
- If you have to make a further 999 call, follow this procedure in full again.

### **FOR SPEECH OR HEARING ISSUES**

- Text 'register' to 999.
- Contact the emergency SMS service by texting 999. Your message should include 'Police' + details of incident + location.

### **NO PHONE AVAILABILITY**

- Tell at least one person not on the walk where the group is going each day.
- Instruct the nominated individual to alert the Police and Mountain Rescue at a set time of the day if no contact is has been made.

### **IF ALL ELSE FAILS**

- Stay in one place. Do not waste energy.
- Put all available layers and clothes on.
- Distribute emergency blankets and shelters.
- Ration food and water as appropriate.
- Sound six blasts on a whistle OR six flashes on a torch. Repeat every minute.
