Electronics	Risk of eye strain, injury, electric shock	Committee and attendees	2	4	8	Ensure regular breaks (ideally every 20mins) when using screens Ensure screen is set up to avoid glare, is at eye height where possible Ensure no liquids are placed near electrical equipment Ensure all leads are secured with cable ties/mats etc	1	4	4	Request support and advice from SUSU IT/Tech teams e.g. via activities team For external venues precheck equipment and last PAT testing dates Seek medical attention as required

PART A (1) Risk identific	ation		(2)	Risk	assi	essment	(3)	Risk	mar	nagement
Hazard	Potential Consequences	Who might be harmed (user; those nearby; those in the vicinity; members of the public)		Impact last		Control measures (use the risk hierarchy)		mpact most		Further controls (use the risk hierarchy)
Accessibility: Entrances and Exits to the chosen area.	Participants may be prevented from attending the activity due to a lack of considerations of accessibility needs and requirements. They could also be prevented from leaving the area quickly in an emergency if the correct infrastructure and considerations have not been made.	Participants, committee	1	5	5	All areas chosen for activity will have their suitability checked. If a closed activity for members, members will be consulted to ensure there are no accessibility requirements. If an open activity, committee will consider all accessibility requirements and ensure that the area chosen is as accessible as possible.	1	1 5	5	In case of an emergency, call the emergency services on 999. If those with accessibility problems have not been able to exit, make the building manager and emergency services aware. Any incidents need to be reported as soon as possible ensuring duty manager/health and safety officers have been informed. Follow SUSU incident report policy.

PART A (1) Risk identific	ation		(2)	Risk	ass	essment	(3)	nagement		
Hazard	Potential	Who might be		eren			Residual			Further controls (use
Reputational Risk:	Consequences	harmed (user; those nearby; those in the vicinity; members of the public)	Likelihood	Impact	Score	Control measures (use the risk hierarchy)	Likelihood	Impact	Score	the risk hierarchy)
Reputational Risk: For the club or society, as well as to SUSU and the University	Incidents during club or society activity could pose a reputational risk to the club, Southampton University Students' Union or Southampton University itself. This could be controversial posts, conduct during a game, conduct during social, or anything else that brings the clubs/societies,	The club, SUSU or the University's reputation	2	1	2	Ensuring all parts of this risk assessment are adhered to. Ensuring that any incidents involving public or others are recorded and addressed. Ensuring all members are reminded that they are representing the club/society, SUSU and the University in (usually) branded clothing.	1	1	1

Financial Risk: For the club or society, or potentially even SUSU if the club/soc finds itself in difficulty.	Club or society activity costing more than planned, weakening their financial position. Incidents with members of the public, participants, staff or members causing lawsuits and financial penalties.	The club or society Members subject to lawsuits SUSU if required to assist.	1	1	1	Clubs and societies required to complete financial forecasting and budget for the year. All encouraged to review membership fees yearly to ensure they are able to comfortably cover costs. SUSU can offer clubs and societies loans – these will need to be agreed and a payment schedule decided upon. Clubs and societies that have to rely on a loan will be subject to development plans to ensure their future is	1	1	1	

PART A										
(1) Risk identific	ation		(2)	Risk	ass	essment	(3)	nagement		
Hazard	Potential	Who might be		eren			Res	idua	.I	Further controls (use
Legal Compliance:	Consequences	harmed (user; those nearby; those in the vicinity; members of the public)	Likelihood	Impact	Score	Control measures (use the risk hierarchy)	Likelihood	Impact	Score	the risk hierarchy)
Legal Compliance: Club or society activity going against set law. This includes breaches of the freedom of speech act	Fines imposed upon the student group as well as SUSU. Jail sentences. Reputational risk to the student group, SUSU and the wider University	The club or society, committee and members, SUSU or the Wider University.	1	1	1	All clubs and societies should ensure they are following set law at all times. If ever in doubt, they will contact the Activities team prior to the activity taking place. All who wish to bring in an external speaker must follow due process, available here This will be looked over by the University Legal Services team, and may require security being consulted and an extra risk assessment being submitted.	1	1	1	

Medical Issues: Pre-existing and process for any that appear during club or society activity Activity Consideration	Illness, death	Members, committee	3	5	9	All clubs and societies should have a process for if a medical issue occurs. All should know the location of the nearest first aider. Members do not need to disclose medical information to committee (GDPR), but all committee should know how to find a first aider and help quickly. If in a Southampton Sport space, contact reception. If in SUSU, contact reception. If no-one can be found, contact campus Security – 02380 593311 Advise participants; to bring their personal medication Members/Committee to carry out first aid if necessary and only if qualified and confident to do so	1	1	1	In an emergency, contact 999. Any incidents need to be reported as soon as possible ensuring duty manager/health and safety officers have been informed. Follow SUSU incident report policy.
Contact sport	Physical injuries e.g. bruises and broken bones	Members participating in sport	4	4	16	Specific safety equipment must be worn at all times on the ice: shin guards, shorts, elbow pads, chest guard, neck guard, gloves and helmet.	2	2	4	If the injury is serious and participant in a lot of pain or discomfort, seek medical attention immediately. Call 999 in an emergency.

Slips, trips and falls as a result of alcohol	Consumption of too much alcohol may result in participants falling and subsequently injuring themselves.	Event organisers, event attendees,	3	2	6	Committee to check that chosen venues meet the following requirements: - Venue is in good condition with no major trip hazards Bar staff monitor the condition of the floors & mop up split drinks Security staff & Bar Staff provide first aid cover. DJ's or bands equipment placed so as not to form a trip hazard. Power supply leads taped down.	3	1	3	If necessary, emergency services will be called Request first aid at venue Follow SUSU incident report policy
Allergies - food and drink	Allergic reactions to food and drink when out	Event organisers, event attendees,	3	5	15	Attendees responsible for own welfare I such instancesfollow guidelines of venues. First aid requested from bar staff as required.	1	5	5	Call Emergency Services/alert bar staff

PART B - Action Plan

Risk Assessment Action Plan

Part	Action to be taken, incl. Cost	By whom	Target date	Review	Outcome at review date
no.				date	
1	Individual risk assessments will be completed for individuals events with higher risk levels and anything NOT covered by the generic risk assessment e.g. tours, National Tournament and fundraising.	Relevant committee members- president to sign	National Tournament in April- complete RA in January 2026 Tour to Czech Republic in June- Complete in	Jan/Apr	
			April 2026		

Responsible committee member signature:

Print name: NIAMH YATES

Responsible committee member signature:

Print name: William Plucknett

Date: 29/7/25

Date: 30/07/2025

Assessment Guidance

1. Eliminate	Remove the hazard wherever possible which negates the need for further controls	If this is not possible then explain why	1
2. Substitute	Replace the hazard with one less hazardous	If not possible then explain why	2
3. Physical controls	Examples: enclosure, fume cupboard, glove box	Likely to still require admin controls as well	3
4. Admin controls	Examples: training, supervision, signage		4
5. Personal protection	Examples: respirators, safety specs, gloves	Last resort as it only protects the individual	5

Risk process

- 1. Identify the impact and likelihood using the tables above.
- 2. Identify the risk rating by multiplying the Impact by the likelihood using the coloured matrix.
- 3. If the risk is amber or red identify control measures to reduce the risk to as low as is reasonably practicable.
- 4. If the residual risk is green, additional controls are not necessary.
- 5. If the residual risk is amber the activity can continue but you must identify and implement further controls to reduce the risk to as low as reasonably practicable.
- If the residual risk is red <u>do not continue with the activity</u> until additional controls have been implemented and the risk is reduced.
- 7. Control measures should follow the risk hierarchy, where appropriate as per the pyramid above.
- 8. The cost of implementing control measures can be taken into account but should be proportional to the risk i.e. a control to reduce low risk may not need to be carried out if the cost is high but a control to manage high risk means that even at high cost the control would be necessary.

Impa	act	Health & Safety				
		Treatile a surery				
1	Trivial - insignificant	Very minor injuries e.g. slight bruising				
2	Minor	Injuries or illness e.g. small cut or abrasion which require basic first aid treatment even in selfadministered.				
3	Moderate	Injuries or illness e.g. strain or sprain requiring first aid or medical support.				
4	Major	Injuries or illness e.g. broken bone requiring medical support >24 hours and time off work >4 weeks.				
5	Severe - extremely significant	Fatality or multiple serious injuries or illness requiring hospital admission or significant time off work.				

Likelihood	
1	Rare e.g. 1 in 100,000 chance or higher
2	Unlikely e.g. 1 in 10,000 chance or higher
3	Possible e.g. 1 in 1,000 chance or higher
4	Likely e.g. 1 in 100 chance or higher
5	Very Likely e.g. 1 in 10 chance or higher
